As we approach the Winter Solstice, nature invites us to slow down, reflect and listen more deeply. Found in mythologies across the world she represents qualities that belong to all of us - regardless of gender.

Join yoga teacher and artist Aileen Wright for a nourishing day of yoga and creativity inspired by myth and the cycles of Nature.

The morning will weave together gentle yoga, breathwork, journalling and myth, exploring themes of wisdom, rest and transformation. After lunch, we'll move into an afternoon of creative play, creating intuitive artworks inspired by the visionary worlds of Leonora Carrington, Agnes Pelton and the ancient icon tradition, where paintings were understood as portals into the sacred.
